

Make yourself a priority. At the end of the day you're your longest

Today's teardrops are tomorrow's rainbows

Do something today that your future self will thank you for...

Be the Reason someone smiles today....

Strive for Progress not perfection...

Never Let your fear decide your future...

Grow through what you go through

Sometimes what you're most afraid of doing is the very thing that will set you free

Every day may not be good but there is something good in every day....

There is always, always always something to be thankful...

Champions don't show up to get everything they want, they show up to give everything they have.

You may not always end up where you thought you are going, but you will always end up where you are meant to be....

TIME is NON-Refundable...Use it with INTENTION.

Always go with the choice that scares you the most....because that's the one that is going to help you grow.

Your thoughts share your vision...you see what you choose to see

Still time to change the ROAD you're on...

Coming together is a Beginning Keeping together is Progress....Being together is SUCCESS

Don't educate your children to be rich...Educate them to be happy...so they know the value of things, not the price.

When you look into your life.. the greatest happiness's are family happiness's
